

MARYLAND'S

Infant & Early Childhood Mental Health Consultation

Maryland's Infant and Early Childhood Mental Health Consultation (IECMHC) programs deliver training, mentoring and coaching to childcare providers to create environments that better support the social and emotional needs of young children. IECMHC is offered throughout Maryland and is designed to address the social and emotional needs of children from birth to five years old who are in childcare settings.

All services are **FREE**, and can be initiated by childcare programs, families or pediatricians.

**We help
childcare
providers
build the
capacity to...**

- **provide a healthy social-emotional learning environment for children**
- **address challenging behaviors in learning & home environments**
- **improve classroom climate and child behaviors**
- **reduce preschool suspension and expulsion**

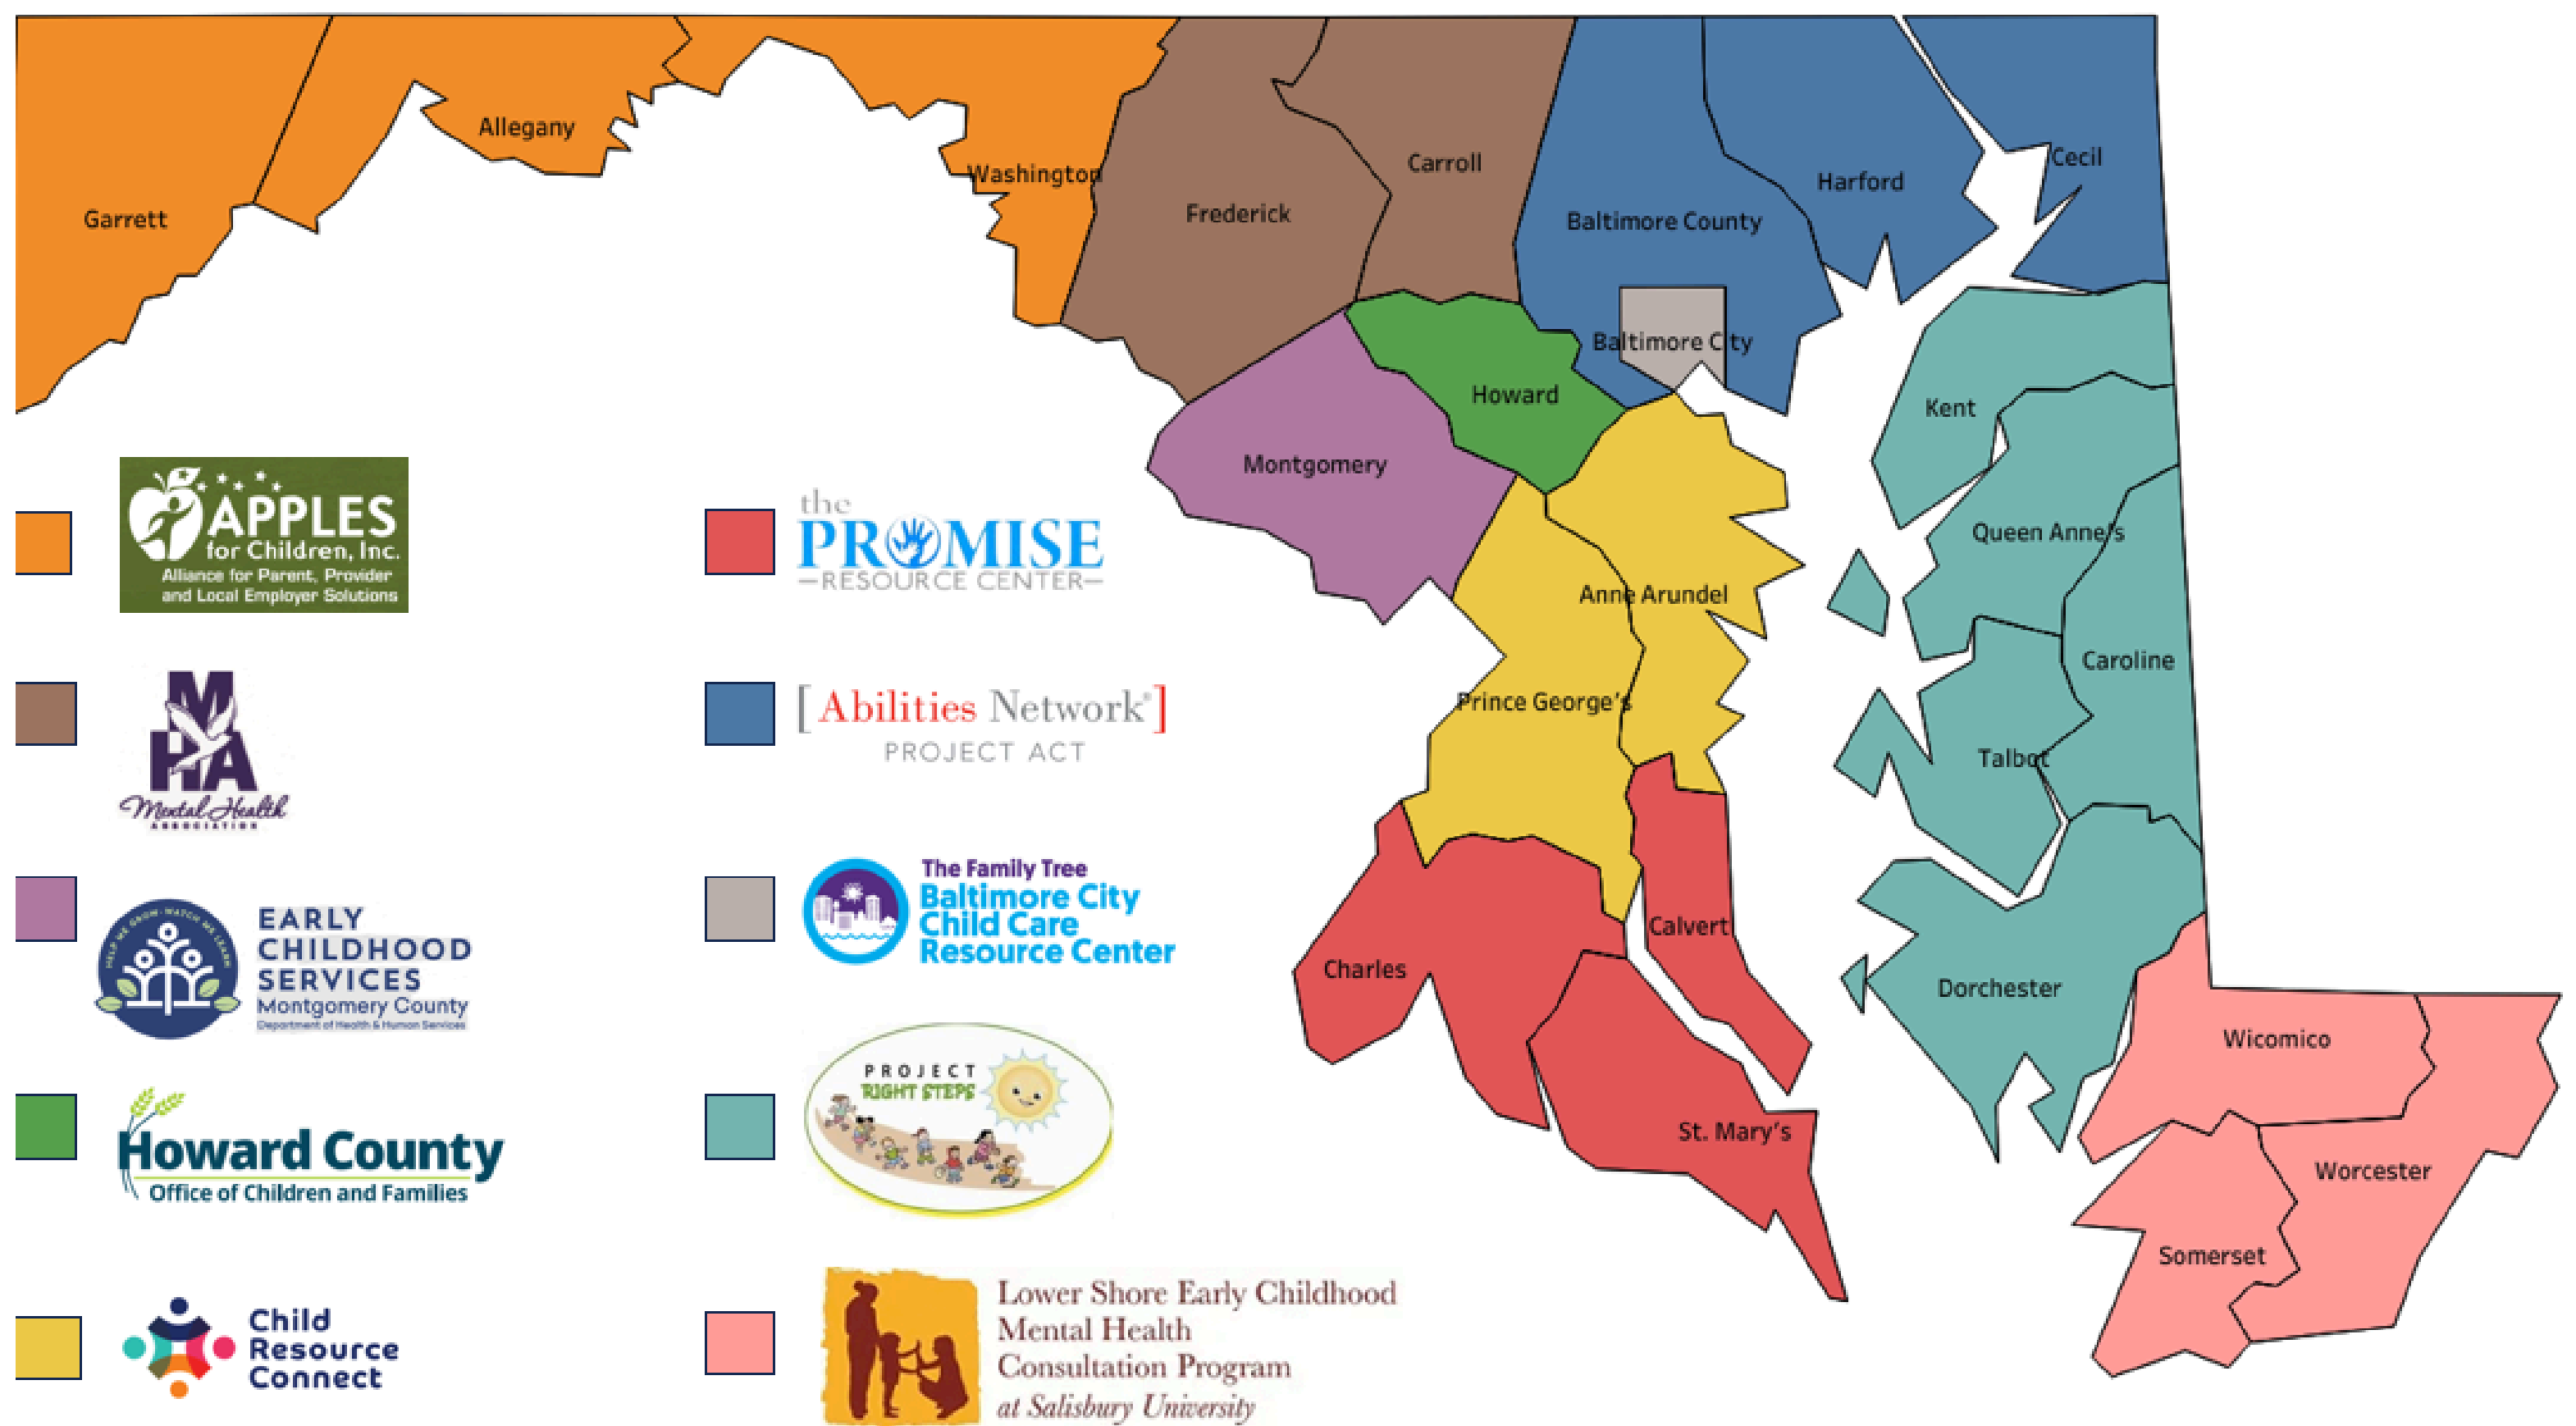

**Funding for Services
Provided by**

**TA and Evaluation
provided by**
